Art discipline? Visual Arts

Year of Graduation? 2010

After High School? Pursued Graphic Design

What is your current job and what does that entail?

I am a senior graphic designer for Express Labs. I am a print production designer. My work consists of branding, project management, content management, social media design, content creation, and management.

Please comment on any skills you feel you have developed in the RAP

I learned team collaboration, artistic independence, history of art, process / stages of art development.

What is your most fond memory of RAP?

Amazing teachers and trips.

What piece of advice would you have for current students?

Be yourself, find your own creative style with what you learn from. It's important to be authentic to yourself.

Why did you choose to attend St. Elizabeth?

Primarily, because of the visual art program. I loved art and I knew I wanted to pursue a career in it.

What else have you been up to?

I also have a small business on the side called Dash of Tash. I primarily do graphic design for events, pattern / textile design. It keeps me creatively motivated. I love to travel, I have been travelling through Canada, Europe, and The United States. I love history and seeing known landmarks and the unexplored countryside of cities.
